- 3.2 Each member will be issued a combination of 4 numbers within the range of 1-42, these will be allocated to their Superdraw membership and entered into the draw for as long as chances have been paid. This random combination of numbers will be created by a Random Number Generator built into the donorflex Lottery software. The donorflex Lottery is fully licensed and regulated by the Gambling Commission and their Random Number Generator (RNG) has been independently tested, using a variety of industry-standard statistical tests to produce truly random numbers.

4 Draws & Prizes

- 4.1 There is one prize available in the Superdraw each week. This prize is a rollover jackpot and the jackpot is created each week by taking 9% of each £1 paid entry.

Air Ambulance Promotions Ltd. has the right to change the contribution to the jackpot from each £1 payment at any time, in line with the Gambling Act 2005.

- 4.2 The jackpot is determined each week by the number of paid entries and the number of times the jackpot prize has been rolled over (as described in 4.4)
- 4.3 Each week, all paid entries in the Superdraw will be entered into the draw and the donorflex Lottery Random Number Generator will select a combination of four numbers as the winner.

If the combination that is selected matches a combination that is owned by a paying member then they will win the jackpot prize for that week.

- 4.4 If the four number combination that is drawn by the Random Number Generator does not make a complete match to a members paid entry, then the jackpot prize will rollover over to the following week.

The draw will continue to be operated each week and the jackpot prize will continue to rollover if the winning four number combination does not make a complete match to a members paid entry. This jackpot will rollover until it reaches a maximum of £25,000. At this point multiple draws will be made in a single week until a complete match to a paid entry is selected.

When this occurs, the relevant member wins £25,000, subject to clause 4.6.

- 4.5 As this lottery has a prize that is a rollover jackpot, it means that the likelihood of winning a prize each week is determined by which stage the jackpot amount has reached.

By taking the odds of winning any prize over the course of the 2019/2020 financial year it is determined that the odds of winning a prize in the Superdraw are 1 in 110,892.

- 4.6 An obligation in our licence means that we are only allowed to offer a maximum prize of £25,000. If the jackpot reaches this amount by subsequent rollovers and the jackpot amount available due to this rollover is more than £25,000 then the additional amount will be added to the subsequent week's jackpot fund.
- 4.7 Only members who have paid subscription to the relevant draw will be eligible to win.
- 4.8 The draw is operated by a designated officer of Air Ambulance Promotions Ltd., and the draw is witnessed and the results recorded

- 4.9 Members will not accrue any debt to the lottery.
- 4.10 Air Ambulance Promotions Ltd. reserve the right to withhold payment of a prize if we are not satisfied as to the validity or legality of a member, pending further investigation into each case.
- 4.11 Following notification that a paying lottery member is deceased, all monies present on lottery plays will be returned to the estate of the deceased.
- 4.12 Prize monies will be paid by cheque within 20 working days, subject to satisfaction of section 4.6, and sent to the winner's registered address held by us following completion of the draw, with no requirement for winners to claim.
- 4.13 Should Air Ambulance Promotions Ltd. be unable to pay a winning member because we do not hold their correct details, and after exhaustive investigation which may include communication with the member's last known bank, we will after a period of 6 months, treat the winning monies as a donation to the Kent, Surrey & Sussex Air Ambulance Trust.
- 4.14 Winners' details, in brief, may be used to promote new membership and/or further lotteries.
